

1. **Application Areas:** The product is suitable for use in various areas, including:

- Toilets:** For wall and floor applications.
- Corner:** For reinforcing and finishing corners.
- Edge of bath:** For sealing and finishing the edges of bathtubs.
- Mosaic tile:** For creating decorative mosaic patterns.
- Floor tile:** For creating durable and smooth floor surfaces.
- Kitchen:** For wall and countertop applications.
- Ceramic tile:** For creating smooth and durable ceramic tile surfaces.
- Skirting line:** For creating decorative and protective skirting lines.

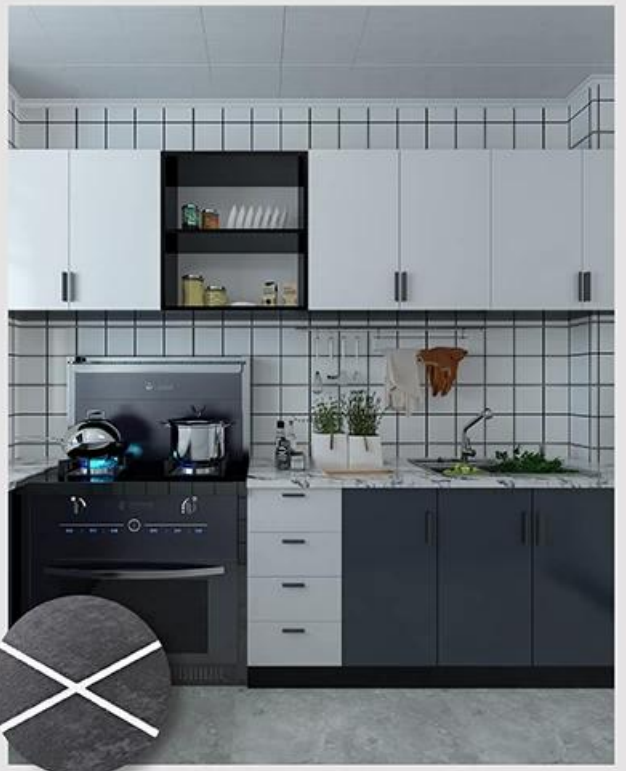

2. **Application Method:** The product is applied using a brush or roller. It is recommended to use a **Epoxy Primer** before application. The application should be done in a thin layer, and the surface should be allowed to dry for **14** days before use. For more information, please refer to the **Technical Data Sheet** and **Application Manual**.

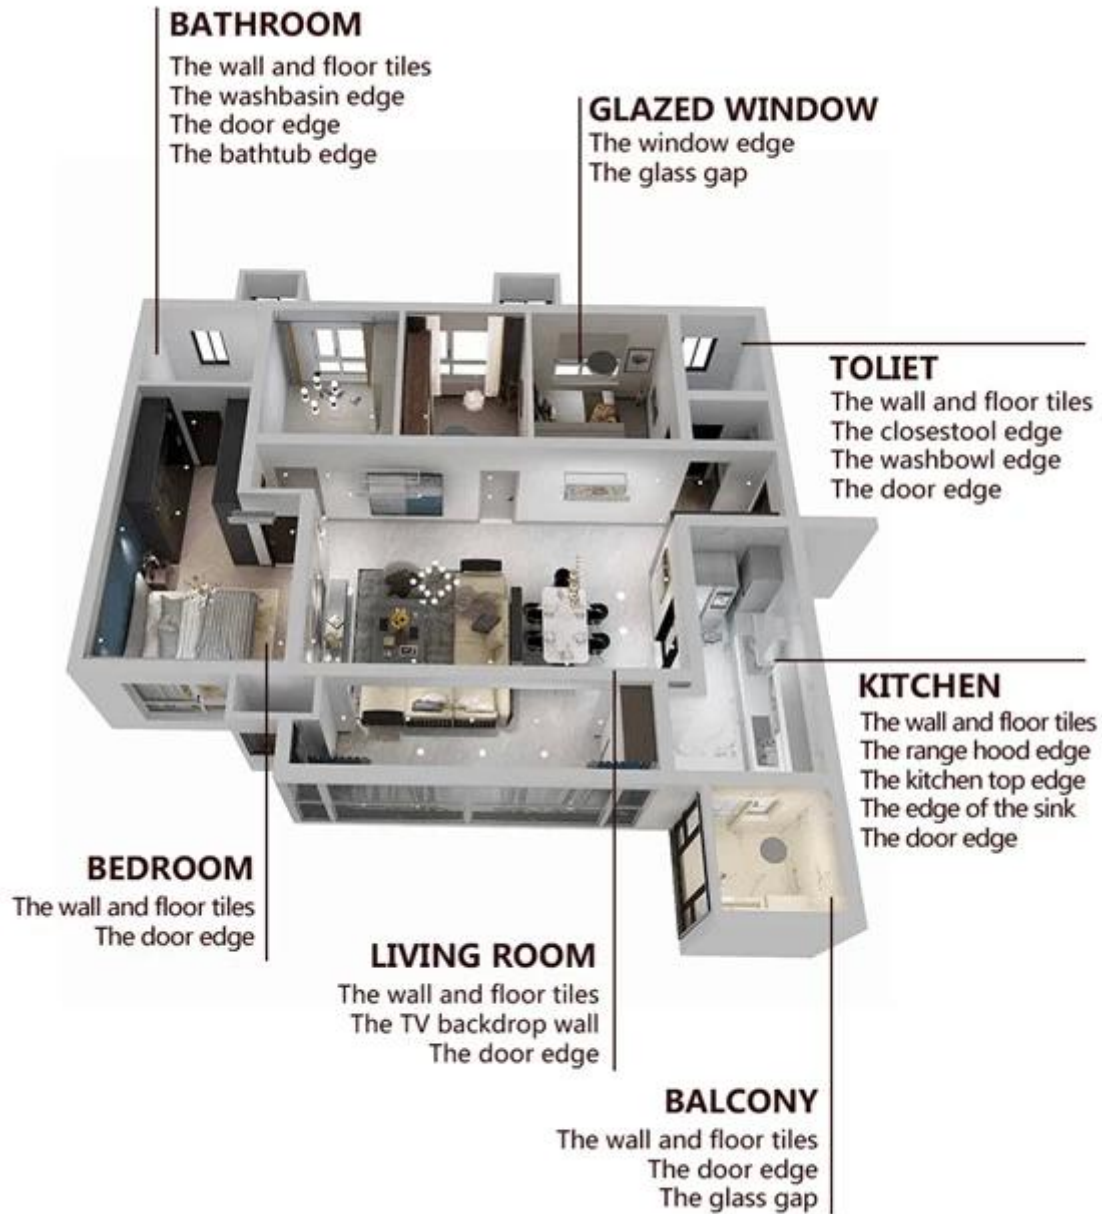

3. **Product Features:** The product offers several key benefits:

- High Adhesion:** Ensures a strong bond to various substrates.
- Waterproofing:** Provides excellent resistance to moisture and water.
- Chemical Resistance:** Resistant to acids, alkalis, and other chemicals.
- Easy Maintenance:** The finished surface is smooth and easy to clean.
- Long-lasting:** Provides a durable and long-lasting finish.
